

# APPLE BIOTECH

( ACE DIVISION )

HAVE A **HEALTHY LIFE**  
WITH **APPLE** PRODUCTS

An ISO 9001 : 2008 Certified Co.

## Company Profile

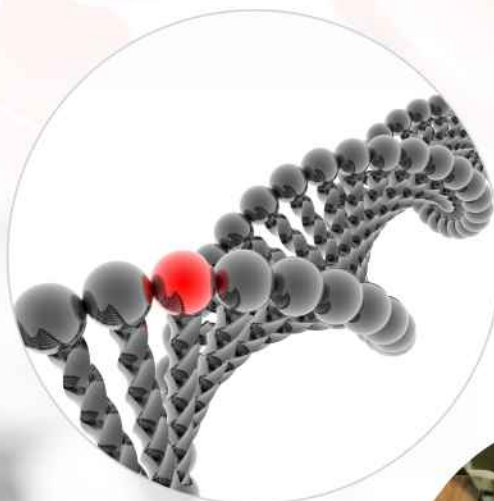

Apple Biotech is committed to ensure that every product it manufactures and distributes meets with internationally accepted standards of **quality, purity, efficacy and safety**. Apple Biotech was founded by late Sh. Naresh Bansal and is now managed by Sh. Vishal Bansal (M-Tech from The University of Sydney, Australia.)

Ours is a state of the art manufacturing facility equipped with latest automatic machinery and analytical instruments. The plant is Schedule 'M' certified and manufacturing is carried out with GMP (Good manufacturing practices). The company is **ISO 9001:2008 certified** which happens to be latest among all certifications from European certification bodies.

Apple Biotech is one of the fastest growing pharmaceutical company with a vast range of products. Our range includes **Tablets, Capsules & Syrups**. We also deal in Dietary & Food supplements/ Anti-oxidants which are available in Blended pellets and Powder form.

**Quality Assurance** and **Quality Control** systems help ensure a consistently high-quality of the finished dosage forms. Our manufacturing site is well equipped with analytical instruments to carry out the tests to conform to various In-house Quality Standards.

In-house quality checks, which are detailed in our **Standard Operating Procedures (SOP)**, have been drawn up in addition to the recommendations specified in the US, British & Indian Pharmacopoeias and cGMP guidelines for each of our operations commencing from the **raw material** audit to in-process checks through **finished product release**, self audits, annual product reviews, validation, qualification and others.
